*The second international symposium:*

**The Sustainable Use of Resources & Environment Protection by Catalysis**

---

*Ho Chi Minh City, 4 March 2015*

To:.....

Dear .....,

On behalf of the Organizers, we have the pleasure of inviting you to participate in the second international symposium "***The Sustainable Use of Resources & Environment Protection by Catalysis***" which will take place on 17<sup>th</sup> – 18<sup>th</sup> March 2015 at Ho Chi Minh City University of Technology, Ho Chi Minh City, Vietnam.

The symposium's objective is to provide a scientific forum where worldwide scientists and authority can interact, exchange, and promote researches/applications aiming at sustainable use of resources and environmental protection. The scopes of the symposium include:

- Heterogeneous catalysis.
- Synthesis and characterization of new catalysis.
- Nanoparticles and nanostructured materials and applications in catalysis.
- Catalytic conversion of biomass into chemicals.
- Catalysis in environmental protection.

Additional details about this symposium can be found in the enclosed program below.

We hope that you will find our symposium interesting and we can establish the long-lasting cooperation to create a sustainable network for our future research. Should you need any further information or supports, please do not hesitate to contact our secretariat at [catscitec2015@gmail.com](mailto:catscitec2015@gmail.com).

We look forward to welcoming all of you at HCMUT.

Yours sincerely,

**Prof. Dr. Mai Thanh Phong**

Vice Rector for R&D and External Relations  
Ho Chi Minh City University of Technology
